

*Annexure II: ATTENDANCE MARKING
THROUGH FACE RECOGNITION on:
PERSONAL MOBILE*

User Manual

AEBAS team has created software for FACE based Aadhaar authentication with UIDAI RD for attendance marking through Face Recognition. For face authentication, picture from the repository of CIDR of UIDAI would be used. In this process face biometric would be used in place of Fingerprint/Iris of the individual.

The application would work in the similar fashion as earlier with the only difference that individual's face would be used.

Earlier the attendance marking was facilitated through Biometric i.e. Fingerprint or Iris.

The process for attendance marking would remain the same, where in the user would input his/her attendance ID and would be prompted to show the face. On successful attendance marking, the display would show attendance opening and/or attendance closing for that particular employee

Installation process and attendance for the same is explained below in [Annexure – A](#)

General Attendance Marking Guidelines:

1. The individual marking attendance should ensure that there is Good Light on the face.
2. User should follow all the instructions shown on the RD screen.
3. There should not be any multiple objects/persons in the background.

Minimum Device Specification:

Android version above 9, RAM 4+GB, Camera 5 MP and above.
iOS software version 14 and above.

Installation application initial steps:

1. Download and Install the Aadhaar Face RD APP from the Apple AppStore / Google Play Store.

2. Download and Install the AadhaarBAS App from the Google Play Store/AppStore.

May please refer [Annexure -A](#) for further action

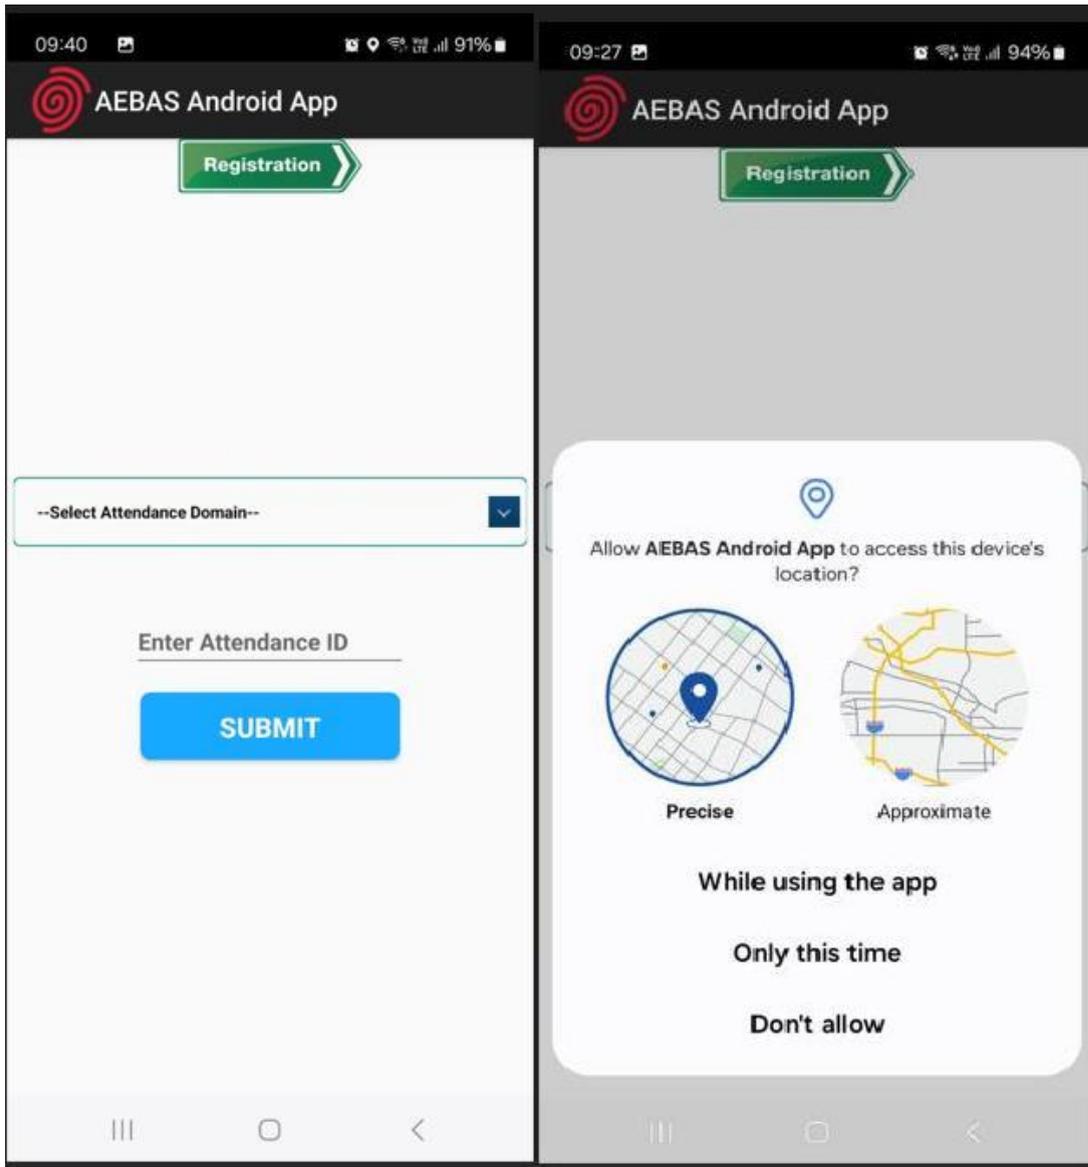

3. Ensure that NMC has whitelisted the GPS Lat long for your organization. May Please refer **Annexure-I** for further action.

***** Ensure that latest versions of AadhaarFaceRD and AadhaarBAS App are installed/used for usage of APP.***

***** The AadhaarFace RD logos shown above represent the respective platforms: the first is for iOS devices, and the second is for Android devices.***

*Annexure A : Attendance Marking Screen for marking through Personal Device
Android*

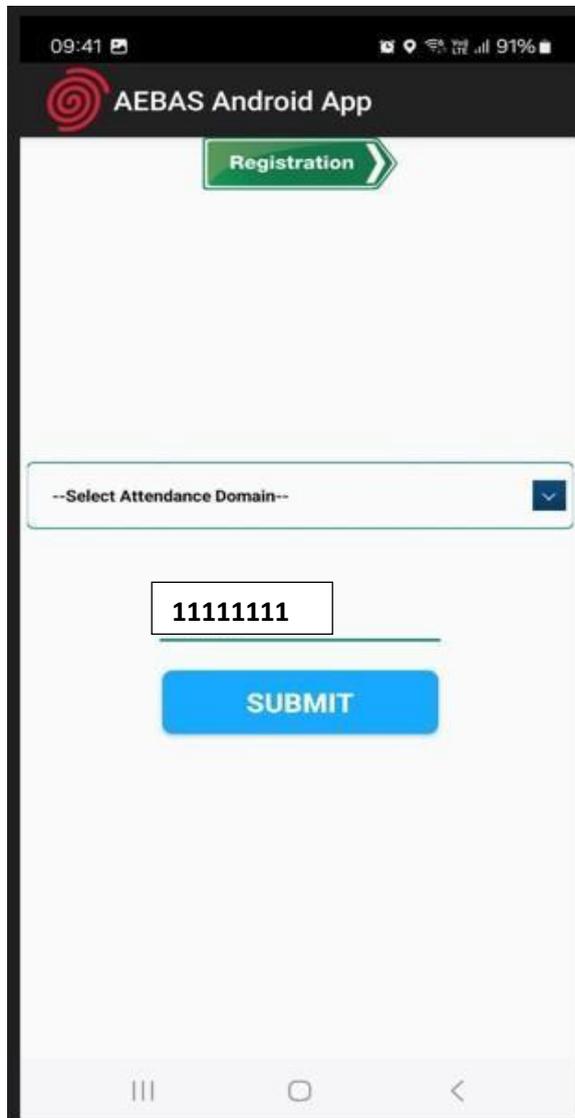

1. Open the FACE BAS APP

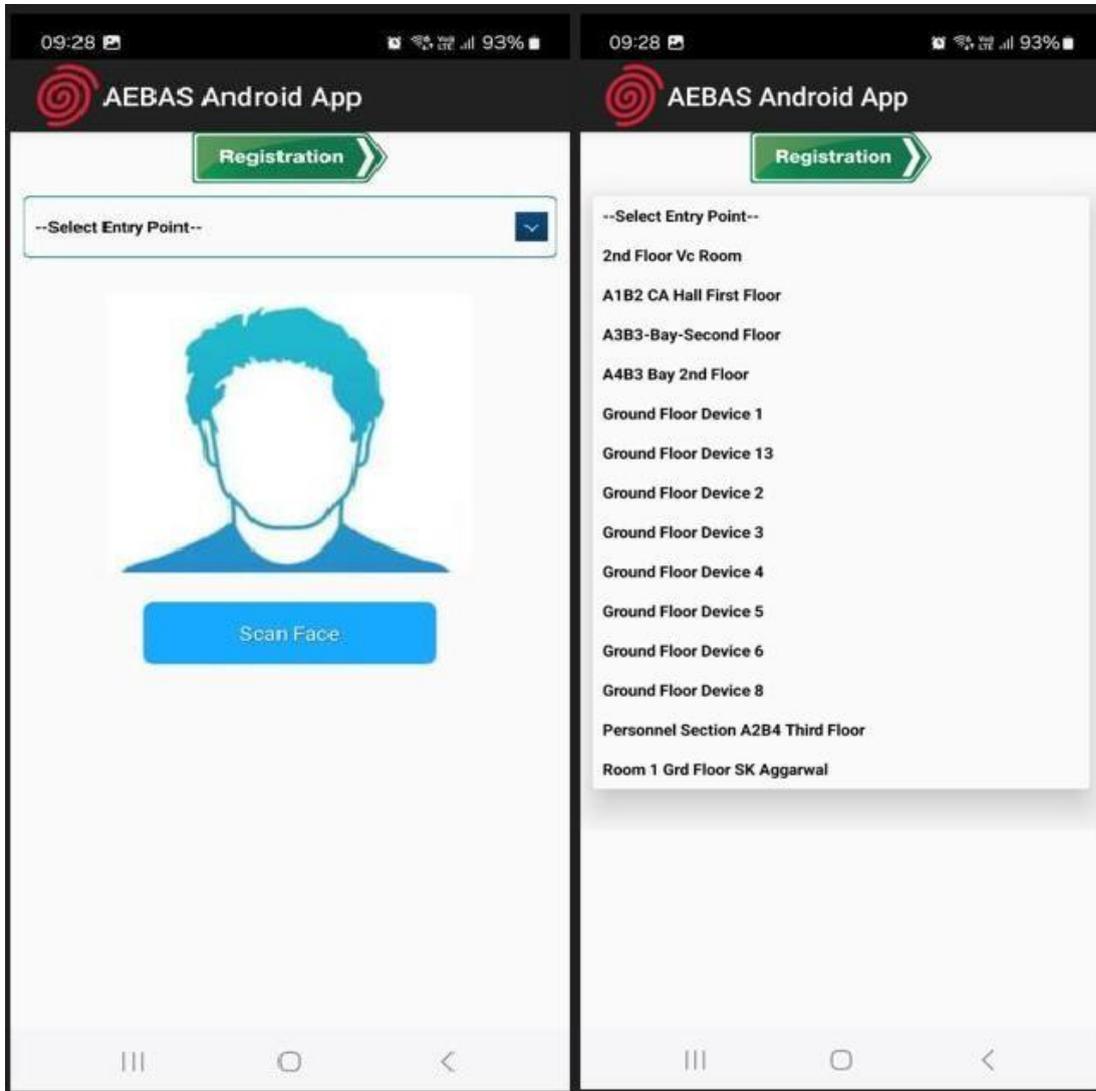

2. Select the Domain NMC&NCH in which attendance is required to be marked (i.e. NMC central.nmcindia.ac.in).

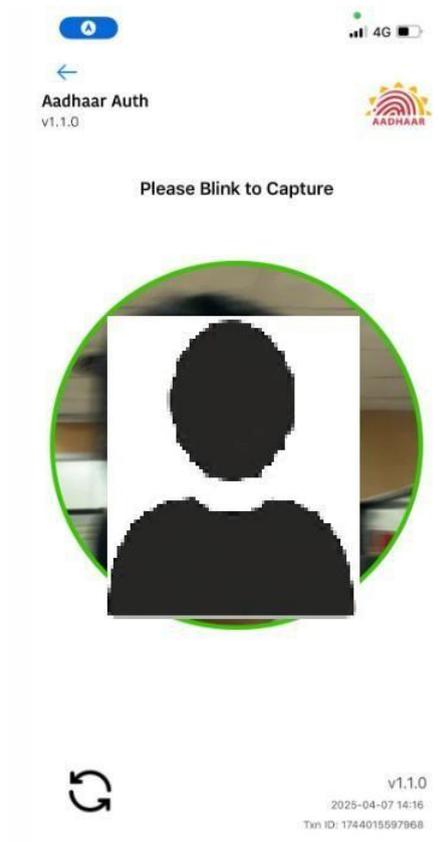

3. Enter the attendance ID, in which the employee is registered (8 digit attendanceID) and click on Submit

4. Choose the Entry point from where the employee will mark attendance.

Ensure the "Scan Biometric" is clicked and authentication is completed.

5. Attendance marking screen will be prompted.
Ensure that the checkbox is clicked.

75, Organisation: National Informa

उपस्थिति क्रमांक/
Attendance Id

PERSONAL BAS DEVICE ID:

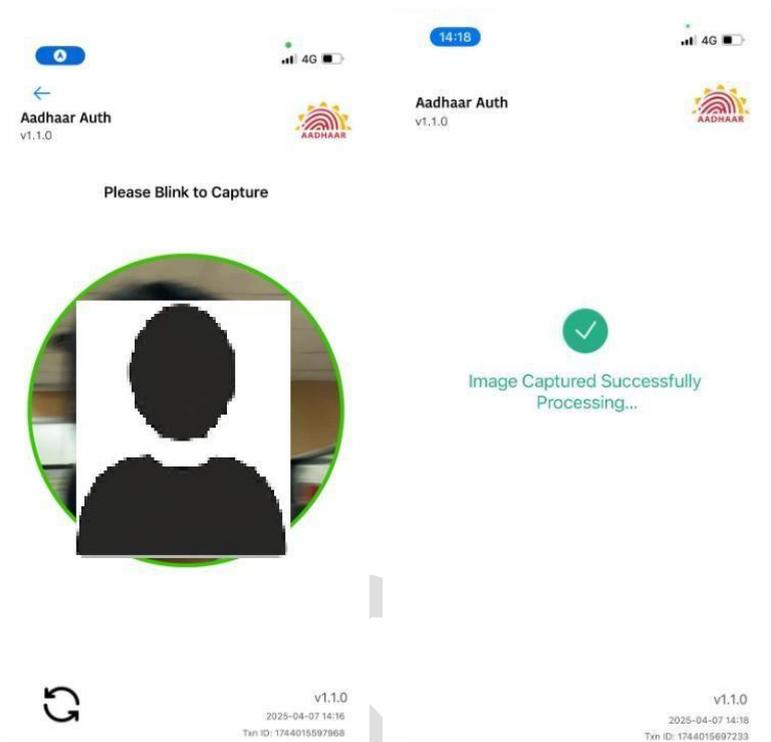

मैं अपनी उपस्थिति दर्ज करने और अपने संगठन के साथ अपना उपस्थिति डेटा साझा करने के लिए आधार बायोमेट्रिक प्रमाणीकरण के लिए Meity NIC (AUA) को अपनी सहमति देता हूँ। / I give my consent to Meity NIC (AUA) for Aadhaar Biometric Authentication for marking my attendance and sharing my attendance data with my organization.

उपस्थिति आईडी दर्ज करें / Enter Valid Attendance ID

1	2	3	Bksp
4	5	6	Reset
7	8	9	0

12:29:4 223.228.201.94

6. User will show the face and attendance will be marked

7. The attendance is successfully marked and the Attendance In/out would be recorded

8. Geo-Fencing Policy Update:

Click on the 3 dots, on the extreme right panel to check for the geo fencing policy update

May click on “Update Geofencing Policy”, if update is available, the policy will be Updated.

9. Notifications

Click on the 3 dots, on the extreme right panel to check for the Notifications Settings

This feature would allow the user to set the notification for Attendance Marking time in the morning and evening.

By using this feature, the user can set the time for which the notification is desired.

The screenshot shows the 'Notification Settings' screen. At the top, it says 'Settings' and 'Notification Settings:'. Below that, it states 'Notification facility will remind you regarding marking of attendance when you are in office geolocation or IP range'. The first section is 'Do you want notification :', with 'Yes' selected. The second section is 'Select days for notification', with 'Mon', 'Tue', 'Wed', 'Thu', and 'Fri' selected. The third section is 'Select time range for notification:', with 'Morning Time' set from 8:45 to 9:15 and 'Evening Time' set from 17:15 to 18:15. The fourth section is 'Time interval to check your location/IP (in minutes):', set to 5. The fifth section is 'Do you want to enter Office Wifi IP's', with 'No' selected. At the bottom, there are 'BACK' and 'SAVE' buttons.

A. User to choose if the notification is required

B. User to select the days for which the notification is required.

C. User to mention the start time and end time for morning notification and evening notification

Based on this the notification would be sent to the user

D. User to mention the office WiFi IPs, if the attendance is to be marked within the office network.

All the options chosen should be saved for successful notification on the user device.

10. Attendance Logs

All the Attendance marked on the personal device would be shown with the Attendance ID, date, attendance marked time, the response code received from UIDAI and the status. May note only 20 transactions would be displayed.

SI No.	Attendance ID	Date & Time	Response Code	Status
1	123456	26-09-20 24 08:54:03	ce99b62eada14 bd18c1e8e7df9 6e9904	Opening
